Home/School Agreement

Parents as Partners

Parents are children’s first and most important educators. When parents and school staff work together the results have a positive impact on the child’s development and learning. We seek to develop an effective partnership with parents by developing a two way flow of information, knowledge and expertise which is based upon respect for one another.

The home/school agreement sets out our commitment to each other in order to achieve a successful partnership. By signing up to the home school agreement parents sign up to the values of Worth Primary School.
