

Dear Families of Worth Primary School,

We have come to the end of term 1! Thank you for being so supportive and understanding in the current climate we are in. The children have shown us great resilience this term, we are so proud of the way they have all returned to school after lockdown and managed the new systems and routines that are in place.

Covid– School changes for term 2: At present our school is within Tier 1, medium risk of the governments new measure for covid alert. We are checking daily updates and amending our school risk assessment in line with these changes. **Therefore, from Term 2 we will be asking all parents, adults and staff to wear a face mask on drop off and collection at the school gate. We will be insisting that is adhered to for the safety of the staff and children at school.** We thank you in advance for your co-operation in this.

Unfortunately, due to Covid restrictions, we have had to cancel the children's individual photos next term. We will be reviewing this after Christmas and will keep you updated.

Our school build project – As you are aware there have been a slight delay with the start of the new build. We are delighted to say that the work has started and the children have been really excited watching the ground work happen. We have asked, over half term, for the area at the back of the school to have an enclosed canopy area installed. This will provide a sheltered space for children to put bags and coats, rather than in their classrooms. It will also allow more space in rooms, every little helps!

Today, the children and staff had the most wonderful end to term 1 with our visit to the pumpkin farm! Great fun was had by all. Thank you to our amazing PTA, Delf Farm and to you, our parents, for making this happen with such short notice. I have enclosed some photos of the fun we had!

Have a happy and safe half-term and we look forward to seeing you back at school on Tuesday 3rd November.

Kind regards,

Katy Chance

Remote Learning and Homework

In our last newsletter we wrote to you to inform you of our plans for our remote learning in light of Covid. This includes if your child is off school in isolation due to a linked family case.

We have asked you to engage with Purple Mash as part of the children's homework to help them and yourself become familiar with this platform. Thank you to those of you that have engaged and responded to the homework set.

It is really important that we are aware of those of you that are unable to access this at home so we can support you. We will be contacting families that have not yet accessed this platform. We have a duty to ensure **ALL** children are able to access this, we also have to ensure that home learning is carried out. Therefore, we will be working with you to ensure your child is continuing their education at home if the circumstances arrive.

Please do check your child's Purple Mash account for this week's homework.
